

The Patrician

SCHOOL SONG

Sealed by forts of ancient fame,
Teeming with many a tale,
Gurgling brooks and graded vales,
Brimming with life so hale
Proudly stands our school of fame,
Wielding in her a magic wand,
Calling us to the hall of fame
And leading us to distant land.

Hail O St. Patrick's hail,
The pearl we deem so grand and rare,
Spur us like never before,
For the land we hold so dear and fair.
Truth will be our constant goal
and loyalty our prime trait,
Raising hearts in humble prayer,
Gladness for all we chime.

March we o'er hills and vales,
Blazing as the rising sun,
Hold we tender hands of ours,
For unity we deem as boon.
Hail Thee Saint of Gaelic fame,
Dream we of a fairer dawn,
Soaring like the birds of air,
Heralding all, a brighter morn.

From the Principal's Desk

"The world has enough beautiful mountains and meadows, spectacular skies and serene lakes. It has enough lush forests, flowered fields and sandy beaches. It has plenty of stars and the promise of a new sunrise and sunset every day. What the world needs more of is, people to appreciate and enjoy it."
- Michael Josephson

Each year we celebrate a theme, to motivate, to encourage and to take care of oneself, the other, the school and the society. For the academic year 2018-19, we chose the theme: "Be Positive". We encourage students to choose to be happy, to look at the brighter side of life, to find reasons to smile more often, to read inspiring stories and quotes, to visualize only what you wish should happen, and to think positively. Positive people bring joy, happiness and uplifting energy, and are fun to be around with.

Education plays an important role in enabling a person to face any real-life situation and acquire adequate knowledge. The school strives hard to make the best possible effort to include strong values combined with academic and extra-curricular activities in the children. We aim to create a safe, nurturing yet challenging environment that is built on positive relationships, developing the whole student – emotionally, socially and academically. We care for and appreciate each of our students as the unique individuals that they are, each with distinct talents, interests and needs, and with different learning styles.

Parents are the most strengthening power in moulding the future of children. Their constant support empowers us to do more and more. I pay my gratitude to them for their faith in us.

A word of appreciation and gratitude is due to all our dedicated staff and my heartiest congratulations to all my wonderful students who make our lives more challenging and meaningful as we empower them to step out into the world to make their mark and contribute effectively to the society in which they live.

I appreciate the dedicated work of the editorial board for their strenuous effort in bringing out this issue of 'The Patrician' which is beautiful and worth reading.

With warm wishes and God's blessings

***"Children are likely to live up to what you believe of them."-
Lady Bird Johnson***

Children have the potential to bring incredible change to our world. But first, we need to recognize their value. These sayings about children encourage us to give them our love, care and attention. Children as we all know are great imitators. They learn what they see, what they hear, what they feel and do the same.

We at SPA, have adopted new and smart learning technology and revised better education system as it is easy to learn through visual media. However, after school home is the second school and parents are the best teachers. Children will learn most from the place they live in and grow. So, we should strive to give them happy and healthy environment.

My request to all the parents is that children are the saplings of our future and it is our collaborative duty to raise them in ecological atmosphere at school and at home.

I grab this opportunity to extend my heartfelt gratitude to our Principal Rev. Bro. Solomon for always being a guiding star, an inspiration behind all my big and small endeavors. I thank my fellow mates for their encouragement. I thank parents for the trust and faith on me to accomplish my duty successfully. Last but not the least, the students for their love and affection.

I would like to end my note with the expectation of the needed support from the parents and a beautiful quote.

"Be a role model rather than a critic."

So let's take the initiative and help our kids to grow into responsible citizens.

With warm wishes

"A winner does not say any reason; those who say reason cannot be a winner".

The academic year 2018-19 was a fruitful year for Tagorians. Our greatest achievement was the bagging of the overall championship, in the Fiesta-2018 held in August. The Tagorians excelled in both the off stage and on stage events.

EDUCATIONAL Tour

Delhi-Amritsar-Manali-Chandigarh

First of all, educational tours are necessary because they help students to gain new perceptions of the world around them. While the above may not apply in all tours, it applies when students travel far away from home, for example, to another city. It helps to understand and comprehend diversity in the world. The world is filled with different things which can be helpful when it comes to shaping and expanding one's world.

"The world is a book, and those who do not travel read only a page."

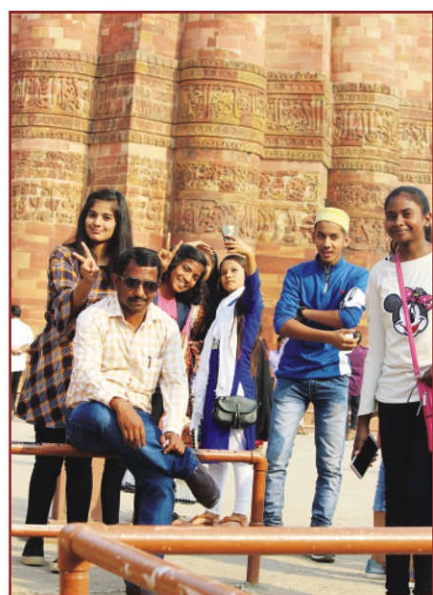

-Saint Augustine

The students of St. Patrick's Academy, Manendragarh got a golden opportunity to visit the Delhi, Amritsar and Manali for seven days excursion from 13th Oct 2018 to 20th Oct 2018. The trip started from Daniel Delany Hr. Sec. School to Anuppur by our school bus in the afternoon. We were accompanied by the Principal Rev. Bro. Solomon, Bro. Astinus, Miss Renuka, Miss Sucharita, Mrs. Ragini and Tour incharge-Mr. Balram Sethi. We were blessed by the God to enjoy the trip with short prayer in bus and parents came to wish and bless us.

From Anuppur to Delhi, we set on the journey by train and reached next day morning.

After the lunch, we moved to visit many monuments in Delhi. Delhi is a historical city, we headed to the India Gate. The magnificent monument garnered special mention from the children as they looked up to see how remarkably high it was! The teachers informed the little ones about the historical importance of this war memorial that was designed by Edwin Lutyens in memory of the soldiers who sacrificed their lives in the First World War. Students were then made to sit comfortably in the garden adjacent to India Gate where street food was bought for some quick bites and munchies.

Now we decided to visit the Qutub Minar. The Qutub Minar is the landmark of Delhi. It is the highest building of India. From the main gateway there is a long stretched pathway, it took us almost 15 to 20 minutes to reach the main structure. It was the learning time for the students who take interest in history. There was the Iron Pillar that strikes us most. All enjoyed the tallest art with photos and it was an unforgettable experience.

The weather was nice and sunny and the children enjoyed themselves. Finally we set off on our bus to move towards Jantar Mantar. The chatter in the bus was excited as it had truly been an enriching experience for the children.

At Jantar Mantar, students were made aware of both the historical aspects and the scientific importance of the monument as a tool for the accurate measurement of time and astronomical phenomena, by careful observation of the day and night sky as well as constellations and positions of various celestial bodies in the past. Its name is derived from Yantra or instrument and Mantar or formula, or in this context "calculation". Therefore Jantar Mantar means literally 'calculation instrument'. All students took many photos with their groups and teachers.

It was a truly amazing trip, during which we learnt a lot about Gandhiji, as well as the Indian Freedom Struggle. It was a long bus ride from hotel to Rajghat, but that did not dampen our spirits. When we reached Rajghat we were greeted by extensive gardens and amazing infrastructure. We took a downhill path to the entrance. We walked past the place where Gandhiji was cremated, and offered our respects. Everyone was silent as they paid tribute to the Father of Our Nation. Next we reached Gandhi Smriti the perfect place to pay homage to Gandhiji. We paid our final respects to him as we passed by the Samadhi, where Gandhiji's last words were engraved... "He Ram". At the end of the day, we found this visit to be both educative

and inspiring. Of course we learnt a lot intellectually, but we also improved our understanding of Gandhiji's vision of India, and were enlightened by what we had learnt.

We were taken to Akshardham . It was an awesome experience for the students as they saw the show inside the temple which depicted the life of Lord Swaminarayan through moving models, light and sound effects. The best part was the Laser Light Story Show which was an

extremely amazing experience for the little ones. Akshardham' means the divine abode of God. It is hailed as an eternal place of devotion, purity and peace. Swaminarayan Akshardham at New Delhi is a Mandir- a spiritual and cultural campus dedicated to devotion, learning and harmony.

After all the shows, the children enjoyed refreshment at the food court of the temple and returned to school with memories to cherish for long.

After a day was very busy to visit the places of Delhi, we moved to Hotel to take rest and dinner. We were ready and eager to visit the Parliament house of India the next day.

We woke up early! We took breakfast and moved to bus trip to Parliament house, on the way, we saw Red fort and glimpse of our national monuments. We reached th Parliament House at 10.30, After the security check and permission from the office by the letter of Honourable Sansad of Korba, Mr. Bansilal Mahto.

Students and Teachers were taken to the parliament house to visit the chambers of both the houses and central hall.

A lecture on the function of the parliament was given by Dr. Deepak Gossain, Join After Director, BPST, and parliament Secretariat. The session was very informative and thought, provokes students resolved their queries and were very satisfied with the exposure they got on the functioning of Parliament. It was definitely a very enlightening interaction.

Our Tour guide provided a nice lunch at small park, infront of Parliament House and near Rastrapati Bhawan. We were missing our Rev. Bro. Solomon because he left us to be in the school.

We also went for shopping on the roads of Delhi when we got an opportunity to explore the local market. We bought many things like clothes, toys, and the girls were ready to buy their choices with bargaining.

After the Dinner, we moved to Amritsar by train via Jalandhar City. We reached there at 9.30 AM and entered hotel. After the breakfast, we were ready to go to Golden Temple, Jaliawala Bagh and Wagha border. The city is known for its rich and cuisine and culture.

First we went to Jaliawala Bagh, a house of memorial of national importance. The students learnt about the histrorical aspect related to the Jalianwala Bagh and were moved by the history of the bone-chilling massacre. We saw the wall of marks of bullets, Sahidi Kunwa and the martyr's Symbol. We are proud!

After visiting the historical place, we moved to the Golden Temple, the Harmandir Sahib, also called Darbar Sahib, informally referred to as the holiest Sikh Gurudwara located in the city. We visited around the temple and saw glimpse of religious places and points. In the afternoon, We had a lunch[Langar] at Big Kitchen with thousands of people. We met some foreigners and talked about our culture and spirituality; they appreciated it and thanked us for talks.

Now, it was the time of shopping. The students, teachers and I also bought some Punjabi crafts, toys, sweets and clothes.

We amazed and witnessed the beating retreat ceremony at the Wagha Border. We reached the place before start. The ceremony of the flag lowering in the evening conducted by BSF and Pakistan Rangers at the border was indeed mesmerizing.

All the students were excited to feel the beauty of Himanchal, before the journey, we had dinner at hotel and got ride by bus to Manali by road itself, Kullu-Manali valley on river beas.

After the long overnight journey, we reached the hotel at noon which is located at top of valley and in front of our great Bollywood actress Kangana Ranawat. How I can say about the beauty of Manali, we can only feel! It is gifted with nature's charm and scenic beauty. Splashing rivers, water streams and lofty mountains make it a place for adventure sports. After the lunch,

we moved to local sight seeing. The trek to the Vasisht Muni's Ashram where we was hot water springs. The visit to the monastery and the Hidamba temple were truly remarkable experiences which were in dense forest.

In the evening, we went ride to street shopping; we bought some clothes, sweets and woolen for their family and relatives. Manali's

street market is very crowded of people. We could see the night scene of Manali from our window. I was humming a poem which is written by our Bharat Ratna Atal Bihari Vajpaye- **Baraf Dhakin Parwat Malayen.....**

Next day, we went for morning walk by the sloping road of Manali with Bro. Astinus and students. We were enjoying the tour but Manali's school remained open. On the way, we went to a school-Kailash Bodhi School, we met its Principal and students, and they enjoyed very much with us and had photos.

After the lunch, we were ready to move the place of adventure, the Solang Valley. We reached there and we hired the Bike to go near the temple and stream. This day refreshed us and we now felt much active than earlier and we had wonderful memories to cherish. One disappointment was that we did not find any snow on Solang Valley it was not the season, but this gives us

a reason to visit this unforgettable place once again.

Like previous day, on this day we got a chance to go to Mall Road in Manali. We had refreshments with new items of Himanchal and Dry fruits. All students bought memories from there to have.

Now the time of last day of the journey, took the dinner and travelled overnight by bus from Manali to Chandigarh. In the morning, we reached

Chandigarh which is famous for its Rock Garden and Capital of three states. Post Breakfast we were driven to Rock Garden! Wow!

The iconic Nek Chand Rock Garden where these enthusiastic travelers were awestruck to see the beautiful sculptures and the art pieces made of scraps and waste materials. All enjoyed and had fun taking photos and Posing for photos.

By noon, we had completed the tour of Delhi-Amritsar-Manali and returned by train via Ambala to Anuppur. During the journey, students had their share of playing pranks and enjoying with each other.

Finally, it was time to bid goodbye to above cities and time to tap our feet, snap our fingers and swing in our seats, yes it was the ultimate time to enjoy all the way

back home. In simpler words, the ride back home filled with laughter, joy and dancing. Last but not least, it was a memorable journey for the students of St. Patrick's Academy, Manendragarh.

Now it is time to express our, to God for safe and happy journey and Kudos to the Principal Rev. Bro. Solomon and Bro. Astinus who accompanied the students and made this educational excursion memorable and purposeful!
