

THE PATRICIAN

SCHOOL SONG

Sealed by forts of ancient fame,
Teeming with many a tale,
Gurgling brooks and graded vales,
Brimming with life so hale.
Proudly stands our school of fame,
Wielding in her a magic wand,
Calling us to the hall of fame
And leading us to distant land.

Hail O St. Patrick's hail,
The pearl we deem so grand and rare,
Spur us like never before,
For the land we hold so dear and fair.
Truth will be our constant goal
and loyalty our prime trait,
Raising hearts in humble prayer,
Gladness for all we chime.

March we o'er hills and vales,
Blazing as the rising sun,
Hold we tender hands of ours,
For unity we deem as boon.
Hail Thee Saint of Gaelic fame,
Dream we of a fairer dawn,
Soaring like the birds of air,
Heralding all, a brighter morn.

"The happiest people spend much time in a state of flow – the state in which people are so involved in an activity that nothing else seems to matter."- Mihaly Csikszentmihaly

Education is one of the means to transmit the light of life and spread the radiance of it in the ambience in which we live. St. Patrick's Academy, Manendragarh, aims to create a supportive and inclusive environment where all the students are encouraged to explore his / her potential and achieve their personal best in all aspects of school life. We aim at the integral development of each student's personality by giving prime importance to the behavioral discipline, moral integrity, academic excellence and cognitive developments. We lay a lot of impetus on honing every aspect that works towards nurturing the child into a happy and well equipped human being. Students are challenged and engaged through authentic learning opportunities that inspire them to develop creativity, confidence and resilience to become independent and ethical life-long learners.

The school has its clear vision and mission objective. In order to accomplish our vision and mission, we take as much effort as possible and one such step was to select *"Being in the State of Flow"* a dynamic theme, as the theme for the academic year 2019-2020.

I firmly believe that education is an effective medium of being in the state of flow. Research suggests that being in the state of flow may be linked to an increased level of happiness, satisfaction and self actualization. It is in this state people are engaged in an activity where they are fully immersed with a feeling of energized focus, involvement, and success in the process of the activity.

Today, if SPA has achieved greater heights, it is only because of the dedication and selfless commitment of the teachers, supporting staff and also the support of the parents, well wishers and students.

May you all enjoy the best of fortune, peace and prosperity and wishing you all the very best.

I congratulate and appreciate the entire editorial team for their hard work and dedication. It is whole hearted effort that has resulted in the publication of this issue of our school magazine.

"Talents are meant to be shared." - Carol B. Thomas

I strongly believe every child is born with talent; it just needs to be seen and polished. Every child is blessed with some quality but most of them are unaware of their latent potential.

We at SPA, focus on identifying and developing children's talent through various co-curricular activities so that they can achieve their full potential. We give broader and fairer means of identifying the special talents that need to be noticed and nurtured so that they will do well in school to lead better lives.

In this task the role of parents is very important in helping their children to develop their talents by taking time to talk with them at home. Appreciation and motivation are the keys which will boost them. An iota of talent can become the epitome only if we inculcate in them the spark of creativity.

Remember, creativity is at best when kids are happy and healthy. The foremost duty for us teachers and parents is to look out and recognize the above and nurture the child's growth in a conducive and healthy environment. We focus on the all round development of children entrusted to our care. Together, we can and we will introduce this ever-evolving world to the children and one day they will be victorious.

I take this opportunity to express my sincere gratitude to our honourable Principal Rev. Bro. Solomon for being such an impactful leader in motivating us to strive for success. My sincere thanks to all the members of staff for their sincere contribution towards making our institution excel. My heartfelt thanks also go to the parents for being a source of constant support. I would like to thank the students for all the hard work they put in daily and want them to know that it is recognized and greatly appreciated.

"To every child – I dream of a world where you can laugh, dance, sing, learn, live in peace and be happy." - Malala Yousafzai

From The Jr. Co-ordinator's Desk

Good things come to people who wait, but better things come to those who go out and get them.” – Walt Disney

This is an age of achievements. One can achieve anything provided one perseveres in whatever he or she tries. Great men were not born great when they started their career, but they made themselves great by consistently learning by being sheer persistent.

We live today in a world that is so very different from the one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on the whole system of education. Aristotle, once said, “Educating the mind without educating the heart is no education at all”. Even as we impart education to match the advancement in technology and in an age of globalization, we march our children ahead with the ethos of moral values and life principles.

Our humble endeavour at St. Patrick's Academy has been to encourage and prepare our students in every possible way to face the challenges of today boldly and wholeheartedly. The need for character building reviving and rejuvenating ethical and moral values requires a balanced and harmonious environment. As St Patrick's Academy strives to achieve these goals and prepare our students by moulding their character, disciplining their mind and laying strong foundation for their life.

I am extremely proud to see the high quality of teaching and learning that is being facilitated on the daily basis as well as the achievements of the students. I am sure St Patrick's Academy is trying to provide the best possible environment for a healthy development of young children by providing a carefully planned and structured environment in which the child grows and learns in a natural way.

May Almighty God bless all of us!

Mrs. Anima Ghoshal

Editorial Board

Dear Readers,

Though it is difficult to pluck moments out of the flight of time, yet we have made a genuinely honest effort to conserve some to review. Not only to capture nostalgic moments but also to analyse our growth so that we can speculate on how far we have come and how far we have to go.

The student today is an individual, and a real person with feelings of self respect, sensitivity, responsibility and compassion. We need to recognize, appreciate and applaud the fine blend of these sublime qualities in a child. This humble initiative is to set the budding minds free to create a world of beauty in words.

I really feel proud to acclaim that we are ready with school magazine of 2019-20 which will surely unfold the unravelled world of the most unforgettable and precious moments of the school.

This magazine is indeed a painstaking attempt to make our budding talents give shape to their creativity and learn the art of being aware because I believe that our success depends upon our power to perceive, the power to observe and the power to explore. We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young students will surely stir the mind of the readers and take them to a level of joy and aesthetic satisfaction.

The herculean task of editing this school magazine would not have been possible without the constant and outstanding support of the members of the editorial board who sorted the articles, edited them and finally made a fair draft of them. I am thankful to all my colleagues who dipped their oars into the turbulent waters of putting this journal together to make it more sensical and pleasurable readable and have sailed it safely to the shore of publication.

Here, I wish to express my profoundest thanks to the Principal, Editorial Board, students and teachers for their unflinching support in breathing life into these pages.

Nehru House

Jawaharlal Nehru is the patron of our house and the motto “if the going gets tough, the tough gets going” is a great source of motivation.

Our house colour is green. It is the colour of life renewal, nature and energy. It is also associated with meaning of growth, harmony, freshness, safety, fertility and environment.

It is correctly said that “success is counted sweetest by those who never succeed.” Indeed when we got rewarded for something for what we have been working for a long span of time, the satisfaction and joy felt among us knew no bounds.

The students performed remarkably well in the various competitions held. All the competitions were a great experience and we could put up tough competition. For the year 2019-20 we had a mini sports meet in which our house was selected as the best House in Discipline.

All in all it has been a splendid year. Congratulations to the entire team. I extend my heartfelt gratitude to House Master Mr. Lalit Tirkey, House Mistress Mrs. Shama Khan, Asst. House Mistress Mrs. Sunita Sethi, Captain Satish Kumar Singh, Vice Captain Md. Ashad, Prefect Ayesha and the rest of the staff members Miss. Kalpana, Miss. Renuka, Miss. With the ever inspiring ideas and work of Gandhi and our zeal to learn and be inspired with his thoughts, Gandhi house marked another successful year by keeping the house flag flying high and unfurling it to the highest peak of achievements. This year we had talent leading us, cooperation motivating us and the conviction making us win. Our captain Aadarsh Agrawal, vice captain Khushboo Beck and Prefect Harshwardhan Singh led the house with the best of their abilities.

The team of Gandhi house embodies the spirit of each student to prove his/her mettle in all spheres of school life. The victories of each team member added honour and glory in our memories and the annals of our house. With all the efforts of each team member and the work, cooperation and help of our esteemed house masters “Gandhi House” emerged as the overall Runner Up of the cultural day and got first in the Hindi Comic of the Year of 2019-20.

This achievement was the result of our hard work and humble tribute to our ideal Mahatma Gandhi. The talents of the students wouldn't have been recognized and acclaimed without the inspiration and cooperation of our efficient House Mistress Mrs. Maharani Gupta, House Master Mr. Gautam Swain and House Teachers Mrs. Veena Sinha, Mrs. Neetu Wadhera, Miss. Nazia Bano, Miss. Sakshi Soni, Mrs. Akashta Masih and Mr. Prasanjit Das Gupta.

This year in 'Fiesta' 2019-20 our house students participated enthusiastically in many activities. The house excelled in almost all spheres and students with the support of their house teachers put in their maximum effort in bringing the crown of victory for the house.

Our brilliant and competitive participants made us stand firm on the ground of mini sports in which Tagore House with the runner up trophy. Tagore House was led by Captain Nileshe Kujur, Vice Captain Akansha Bhagat and Prefect Harshita Patel along with House Master Mr. Balram Sethi, House Mistress Miss. Arbeena Khatun, Asst. Prasad House

Every child of our house is encouraged to perform feats in a fair manner. As we all know that every child is gifted, they just unwrap their package of talents at different times. The annual competitions began with the 'Fiesta'. Being the defending champions of the events, all of us were fully excited and confident but as luck would not have it we missed achieving the milestone of winning it again by a few points. But we all had this in our minds, "Success is not final, failure is not fatal; it is the courage to continue that counts".

The inspiration derived thereof led us to win the champions trophy in Annual Mini Sports meet. Discipline, inspiration, excellence and determination were the goals that we had set for ourselves. The 12 hrs long journeys started with a lot of excitement and enthusiasm. We reached Vizag and were escorted to hotel. After breakfast, we moved to visit Sri Varaha Lakshmi Narasimha temple, Simhachalam, Kailasagiri Park Vizag and TU 142 Aircraft Museum.

On the second day, we departed to Chennai from Visakhapatnam by train to see the beaches, visit churches and our sister concern school St. Patrick's Anglo-Indian Hr. Sec. School, and St. Michael's Academy, Adyar, Chennai. At noon, we went to St. Thomas Cathedral Basilica; it was built in the 16th century by the Portuguese explorers, over the tomb of Saint Thomas, one of the twelve apostles of Jesus. Where we were in church prayers were offered we all blessed.

The next church was St. Thomas Mount National Shrine, It is a Holy place but also of international prominence, historical eminence, religious glory and tourist attraction. The ancient Church on the top of St. Thomas Mount had served as the light house for the Portuguese and Armenian ships and vessels in the Bay of Bengal in the 16th and 17th centuries. Interestingly, it is said, when sailors sighted the Church they offered prayers for a safe Voyage and then discharged from their artillery in salutation. Preserving its glorious antiquity, this five century old Shrine Chapel has been renovated and restored in the recent times.

We went shopping on the roads of Chennai, visited the famous Saravana Stores and even had an opportunity to explore the local market.

In the evening, we were ready to explore the famous beach of Chennai, the marina beach; it is the longest natural urban beach in the country. Here we were all excited to see the sunset.

On day 5th day, we went to St. Patrick's Anglo-Indian Hr. Sec. School, and St. Michael's Academy, Adyar, Chennai. Here we spot the latest school and college and met Rev. Bro. Thomas Pushpraj. He provided snacks and interacted with students and inspired them. It was a great meeting with Brother.

We had a meaningful exposure to experiential learning when we studied real art facts, artwork & fossils from the ancient and medieval periods at the Government Museum, Egmore in Chennai is full of history and historical items which created a curiosity tous know and explore.

Next visit was Mahabalipuram, known for the UNESCO World Heritage Site of 7th- and 8th-century Hindu Group of Monuments at Mahabalipuram. We visited many places; Monuments, the Shore Temple, the Pancha Ratha, Arjuna's Penance, Krishna's Butterball. Our students were excited to see the old architecture and historical age of Mahabalipuram. After the glimpse of history, we moved back to Chennai to board out Train back home. Finally we reached our home town-Manendragarh safely.

This tour was really an enthralling experience for the young minds that are always eager to learn about the intriguing mysteries of history, natural beauty and culture of south India.

REPUBLIC DAY CELEBRATION

India celebrates its Republic Day on January 26th every year with a lot of pride and fervour. It is a day that is immensely important to every Indian citizen.

On 26th January 1950, almost three years post Independence; we became a Sovereign, Secular, Socialist and Democratic Republic. This year St. Patrick's Academy celebrated Republic Day, 2020 with pomp and show. Mr. Dilip Kumar, Chief Manager of Central Bank, Manendragarh graced the chair as Chief Guest on this occasion.

Our well trained students presented an impressive March Past. The programme started with a Prayer Song, a mime was performed by the students of Class- VIII, an inspirational speech was delivered on this day, patriotic songs well sung and students performed a dance which mesmerized the audience.

The Chief Guest encouraged the students with a few words stating that all students are the future citizens of the country. They have rights as well as duties towards the Nation.

Class- XII students said their final “Goodbyes” on 31st January, 2020. The day was the end of school life for them. It was their first step towards adulthood- the day they grew up. Everything looked spectacular for the arrival of the XII graders. The students of the 1st XII batch were looking glamorous and mature. The ladies looked pretty in sarees and the gentlemen wore elegant suits. They weren’t girls and boys anymore; they were graceful ladies and suave men. The programme began with an energetic dance and then the boys performed a comical dance. This was followed by an English song sung by Sameer of class- XI. All the teachers of class- XII delivered motivational speeches. The event culminated with the Principal Rev. Bro. Solomon wishing the best of luck to the outgoing students. The proceedings of the day began as is customary, with the Head Boy, Head Girl, Bro. Solomon along with teachers joining for the cake cutting ceremony which was followed by a delicious lunch.

Nilesh Kujur and Sanskriti Tiwari were adjudged as Mr. Farewell and Miss. Farewell of 2019-20

On February 11th, 2020 the principal, the management, staff and students of St. Patrick's Academy gathered to remember and pay homage to the services rendered by Bishop Daniel Delany who laid the firm foundation for the Congregation of the Brothers of St. Patrick otherwise known as the 'Patrician Brothers'. The Students of class- VI put up a short programme for this day which began with a prayer song followed by a skit and beautiful dance performances and at the end our Principal, Rev. Bro. Solomon who has an indomitable spirit to maintain the discipline conveyed his message to students to be positive in life and give their best.

Celebrating this special occasion of the foundations Day, it was a reminder of our glorious past. It brought to mind the rich culture, beauty and potential of each participant. It gave us a sense of pride and an awareness of what we are.

The congregation derives its name from the great Apostle of Ireland, 'St. Patrick', who in his time fought against ignorance, injustice, wickedness and immorality just as Bishop Daniel Delany in his own time. The Brothers came to India in 1875 and took charge of a large Anglo-Indian school in Chennai. This seed has grown into a large tree spreading its branches to various parts of our country.

It was Bishop Daniel Delany's vision that gave birth to institutions like St. Patrick's Academy. He further urged the children to get educated, gain knowledge, achieve success and become better human beings.

Graduation Day

"Graduation is an exciting time. It is both an ending and a new beginning. It is the warm memories of the past and big dreams for the future."

St. Patrick's Academy, Manendragarh organized the Graduation Day for the students of UKG on 15th Feb, 2020 when they bid adieu to the kindergarten. They were looking cheerful and bright in their black robes and graduation hats.

Graduation Day began with the lighting of the lamp by Chief Guest Mr. Shishir Preetam Guria. In attendance to add glitter to the event were Guests of Honour Mrs. Rashmi Guria & Mrs. Preeti Poddar, Honourable Principal Rev. Bro. Solomon, Rev. Bro. Nithin, Co-ordinators and class teachers of UKG. The very young children of the Nursery, LKG & UKG put up an entertaining programme comprising of a graduation song, a fashion show, fancy dress and celebration dance. The proud parents broke into huge applause whenever the children performed on the stage. The UKG children carried out the event on their small but strong shoulders. The Chief Guest in his address lauded the young children's for their confidence on the stage. He thanked Bro. Solomon for providing him an opportunity to take part in the programme. The programme ended with the children going home happily with their proud parents and carrying their diplomas.

STUDENTS' PICNIC

Province Leaders' Visit

It was a joyful sunny day when the school was set for a very special visit of Rev. Bro. Jerome, the Provincial of the Patrician Brothers in India along with Rev. Bro. Arockiaraj, the Deputy Province Leader. It was our joy to welcome both of them - ones who have always shown care and concern for our well being. On that day a special assembly was hosted by the students of St. Patrick's Academy, Manendragarh. We were overwhelmed to have them amidst us and their presence added more colour and happiness to the celebration.

Bro. Jerome encouraged the teaching fraternity to continue more earnestly in our mission to build not only a student but also a responsible citizen of India. Later, Rev. Bro. Jerome met all the students and employee and appreciated them for their tireless efforts to achieve all that SPA valiantly stood for.

Bro. Jerome has declared SPA an anger free school as per CBSE guidelines. A school where no one will be angry, where each and every child will be happy. On this note SPA family has promised that they will create a happy and cheerful environment so that every child of our school will bloom like a flower.

Tribal Speaks

I am a tribal,
Not a rival.
I don't have name,
I don't have fame.
The Forest is my home,
Not like a dome.
I love nature,
With many creatures.
We have no rules
Wood is my fuel.
This is my dress,
So I feel fresh.
I can dance,
Without sense.
I protect myself,
No war to yourself.
I use weapons for protection,
People take me and hate the action.

Little Seeds

I Plant a Little Seed,
In The Ground,
Out Comes the sun
Big and Round
Down come the raindrops
Soft and Slow,
Up come a flower,
Grow, grow, grow

Coldy Breeze

It was a cold breeze
which made me freeze 'n' freeze
I was so happy
When I drank a bottle of appy fizz.

The clouds were covering up the sky
My lips were becoming dry and dry,
I thought you will listen,
But, you were busy with some one

I felt very bad
Then I called my rat,
So, we played together
In the cold breeze weather

My School Playground

I saw a little plant,
Growing slow-slow.
I saw a Happy boy,
Playing with a bow.

The birds were flying,
We were playing,
With our teacher,
With nature.

The insects were plenty,
The air smelled rich,
Which took my heart
Completely apart.

Take My Hand

Take My hand Come walk with me
Along life's winding way
Take My hand Come stand with me
Together we will say.

Its you I have chosen -
Its you with whom , I , wish to stay
I want no other way.

I want you always by my side
Through Laughter and through tears
The good and the bad we will share it together
through all the coming year.

Because it is important to unison.
To Continued to be blessed
To do our best

When we breath the last
Then our journey ends.
The last we will go through it
And remain lover ever friend

Study

For Some it is a Privilege
but for others it is right
the difference between darkness and light
The future seems bright

Some Think it a burden
While others see a gilt
The Key to moving forward
And to give life a lift

If school is not calling you
look beyond a door
the Word can be a teacher
to study and prosper.
As long as you are alive
education will grow
That will lead to Continuous learning
As you save the thing you know.

Nature

Trees are the Kindest things I Know
They do not harm . They Simply grow
And Spread a Shed for the sleepy cows
And gathered birds among their boughs
Tree are very important for our life ,
Trees give us Oxygen.
Trees are the kindest things I know.
Trees give us fruit , and beautiful flowers.

Your Best

If you always try your Best
Then you'll never have to wonder
About what you could have done
If you'd summoned all your thunder.

And If your best
Was not as good
As you hoped It would be
you still could say
I gave today
All that I had In me.

MOM

Without Mom the world is nothing.
Cause mom is my everything.

In My studies she is very High.
when I am awake stars whole night.

she is my lady and I love her.
No one stands above her.

When I win she says good you tried.
when I lose she says don't you cry.

she is a messenger of God you Know.

She is my friend, She is my teacher
She is my book, she is my everything.

without Mom the world is nothing.

We thank Thee!

For tender grass so fresh and sweets;
For song of birds and humming bees;
For all things we hear or see-
Father in heaven, we thank Thee!

For the blue of the stream, For the blue of sky ;
For the fragrant air and cooling breeze;
For the beauty of blowing trees -
Father in heaven , we thank Thee!

For Mothers - love , For Father's - care;
For brother, - strong and sister fair ;
For love at home and school each day ;
Father in heaven , we thank Tree!

My Mummy

The need is always there,
for someone sweet and rare.
Thankfully for me,
That's my Mummy.

Who I love without compare,
When I need a helping hand,
And just Can't Understand'
Only one person springs up in my mind,
That's my Mummy sweet and kind.

I just want to say,
I love you mom
And when I am sad
I know you'll make me feel better,
It's no a big deal.

I cannot think of Anyone,
More than my selfless mum.
You have my love forever,

Thank you, my mother.

Love you Mum

When I find a best friend for me
Mom , you are always there with me .
When you find me sad for something .
You fulfill my wish and give me the thing .

From childhood when a hurdle comes,
you stand in front of me
you don't let the problem come to me
And take it on yourself but not on me.

Your heart is like wax,
always soft , never hard .
Your eyes are like diamonds
always shining , always brighte.

A hundred times I will say,
Love you Mum , thank you mum.
for what you do for me,
I will never forget your shower of
love one me .

I Love you mummy

The wise Man

People were coming to the wise man
Complaining about the same problem
every time . One day he told them a
joke and everybody roared in laughter.

After a Couple of minutes , he told them,
the same joke again and only few of them
smiled.

When he told the same joke the third time
nobody laughed anymore.

The wise man smiled and said :

You Can't laugh for
the same joke ,
Over and Over again
So why are you
Crying About the same
problem every time .

Moral of the story : worrying will not
Solve your problem , it " will just Waste
your time.

I WISH TO BE EVERYTHING

Walking through the Woods
Gazing at the sky
A thought once came to me
I wish I Could fly
Flying with the birds
I Would rise up high
I Would raise my wings
I Would touch the sky

Sitting by the sea
Looking at the tide
A wish again came to me
On the water I'd love to glide
Flowing through the field
I would smell the crop
I would keep on Moving
like a stream that will never stop

There are so Many things
I could wish about
On an adventure trip
We should all set out.

Moon and the baby boy

Once a little baby boy
cried for the moon
his Mother said that
she will give him at that moon

He said to his Mother-
I am a baby cool
Don't you think
I am a stupid fool
I know you can't give,
me the round Moon
but I only want the moon

Then the mother laughed and said
I can not give you the moon!
As it is not the thing
In your Play room.

I am very sad today
as today is Sunday
I am Not going to talk to you
Till the next Monday.

Rain Drops and the bird

Tip -Top the rain falls
On the Little bird
Flip- flop the bird runs,
hiding from the drops ,
Then the drops get soft
and say to the bird
Oh don't you be scared
I am just your dad.
Then the bird replied
How is it Possible?
My daddy is
living with me together
Then the little drops
I am Your Father
As I give You food
and water
Then the bird understood
then they tried,
To get a high Flight
In the happy raining Sky
